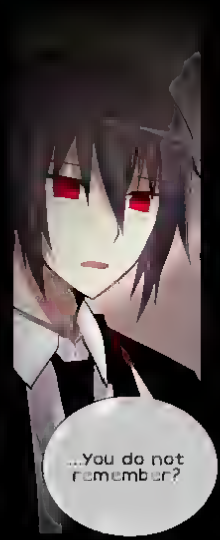
...For the spirit?
What about your body. OK?
Ah, Hmm.

What?
Why am I here?



...You do not remember?

Memory?
Ugh.
Look remember
For Lark's red eyes

Yes..
Perhaps, if you'll think?

What?

Only now it costs conviction.

The power infused to me.

Lizy's defeasance.

CREPUSCULE

크레퍼스큘

Hand me over the whole volume of the Council
Mutation or differences without his wife and son... So far, like having a hidden reason?

You cannot inhibit the sadness.
I understand you.

Because of the plenipotentiary of the Council...
What about those that want something like that.
Well, I cannot help

Understand?
Who?

Nergal you, me?

No.
You will never be able to understand me.

The much awaited
The exams start tomorrow Everybody prepared?

싸 아 아~
Why is it soon?

"Your brother is not coming back," what does that mean?
How many times have I told you he ran away from home

Runaway....

Anyway, Olivier holds it every 3 days and 2 nights each
When the turnout is moved, all is warped
What you need to see is for handing the print of the detailed schedule

Meanwhile, you?
Hm
Lark is also a little strange.
What they were talking with Father...
Asked not to talk about.

Well, I don't get such a complicated thing even if I investigated accurate
Tough, certainly not from each other much as I hate the clutter cycle.

But sooner or later it is going to be cleaned up.
Was too eager than we have so far?
휙

What?
By the time, no rest is a little too much.

What about a summer camp?
I suppose a lot of summer resorts?

Hey, you...

Sometimes it is important to take a break!
